

## LONDON 2012 UPDATE

As the countdown to the 2012 Olympics in London runs below 1200 days, ABM Precast Solutions continues to manufacture significant quantities of precast concrete for the project.

## BY-PASSING THE CONGESTION

As it passes through Warwickshire, the busy M40 motorway runs between Warwick and Stratford upon Avon and Junction 15 has become a notorious traffic jam black-spot – so it's getting its own by-pass (with the help of ABM Precast Solutions' pre-stressed bridge beams)!

## CAPTURING HISTORY IN CONCRETE!

Not all concrete is plain! With the help of a local artist a mural depicting part of Suffolk's heritage will form a decorative feature on two bridges in the new B1115 Stowmarket relief road.
