

THE 2012 RACE

With less than 1300 days until the opening ceremony of the 2012 London Olympics, construction activity on the East London site is racing ahead with ABM Precast Solutions playing a major part.

GOING GREENER

As the construction industry becomes more and more aware of society's environmental concerns, ABM Precast Solutions have teamed with regional ready mixed concrete supplier C & G Concrete to offer a wider range of eco-friendly concrete solutions.
